

# Univar Lubesnake

Premium fifth wheel grease.

## Description

Univar Lubesnake is a full EP grease specially developed and packed for fifth wheel applications. The grease can be applied with less consumption and very little human contact with the grease.

The grease is based on high viscosity mineral oils and inorganic soap thickener with premium additives to provide the best performance.

## Properties and typical applications

### Properties

- Excellent antiwear performance
- Superb load carrying capacity
- Very high level of adhesiveness

### Applications

- Fifth wheel on trucks and other heavy duty equipment
- Can be used for open gear applications

## Typical technical data

- |   |                         |
|---|-------------------------|
| • Thickener                             | Clay                    |
| • Base oil                              | Mineral oil             |
| • Colour Visual                         | Black                   |
| • NLGI Grade ASTM D217                  | 0/1                     |
| • Water washout test ASTM D1264         | 5%                      |
| • Four Ball Weld Load                   | 5400 N                  |
| • Base oil viscosity at 40°C ISO 12058  | 2000 mm <sup>2</sup> /s |
| • Base oil viscosity at 100°C ISO 12058 | 50 mm <sup>2</sup> /s   |

## Advice

Advice on applications not covered in this leaflet may be obtained from your Univar representative

## Health and Safety

Protect the environment. Do not discharge this product in drains, soils or water.
