Univar DK-DDO

Description

This product is based on paraffinic base oils with a range of specialised additives providing the following performance:

- corrosion resistance
- oxidation stability
- antiwear

Application

This product is special developed and controlled in respect of its physical properties of viscosity and density, properties which enable calibration equipment to meter to a high degree of accuracy and repeatability.

Specifications

-

Typicals

Density at 15 °C, kg/l	0,813
Viscosity 40 °C, mm ² /s	2,50
Viscosity 100 °C, mm ² /s	1,08
Flash Point COC, °C	104
Pour Point, °C	-24
